Governor Ducey made very clear in his press conference yesterday that non-compliance with these requirements will NOT be tolerated. The Department will be actively utilizing our authority under these orders and will pursue strict enforcement, in cooperation with local law enforcement.

In addition, it is your responsibility to be aware of all local ordinances governing your business. In our efforts to work with local law enforcement, we will be enforcing these requirements as well.

The Governor and public health officials are asking for responsible action. It starts with you.

Thank you in advance for your collaboration in providing for a healthy and safe Arizona.

Respectfully,
