Who is this program helping?

The Archangels 501c3 and Tech Slayers IT school for Veterans are two special organizations built by Veterans and first responders. We partnered to help disenfranchised people military Veterans and First Responders. This program directly supports:

- Professional resume building services
- Job seeking and placement assistance
- Paying for certification exams
- Books, Learning systems and equipment
- Affordable learning options for disenfranchised groups
- Curriculum development
- Learning assistance for paralyzed and physically disabled
- Maintaining affordable and accessible higher education
- Membership based learning programs
- Internships

Future programs with your help

With your support we will help in assisting with housing, mental health, education for low income communities and much more.

If you are interested in sponsoring a Vet, or getting an amazing education to launch your new cyber career we are here to help.
