

To The American Legion Family:

It is truly an honor to represent you on the National Executive Committee. I also wish to acknowledge and thank Judi Beischel for her years of service as Arizona's National representative.

I am committed to keeping every member of the Department of Arizona informed on matters of mutual interest. I will prioritize advocating for Arizona's values and providing information from the National Organization that affects Arizona. I will share this information with your Post, District, and Department leadership teams for distribution to the membership and interested parties.

As an Arizona delegate to the Constitution and Amendments Sub Committee at the 2022 National Convention in Milwaukee, the committee of forty-seven representatives unanimously voted and approved a controversial Resolution (1) to allow Multi-Year and Rolling Memberships.

The vote refers the matter to the National Executive Committee to investigate and implement any changes through the normal legislative process, its practicality, and associated cost-saving benefits.

I will soon begin traveling throughout the state on Legion business and would welcome an invitation to attend any functions or events in your area to include your Post and District meetings. Please send invitations via email to: nec@azlegion.org.

"Be The One"

Steve Chico Aguirre
