Greetings All,

Please join The Department of Arizona Headquarters Staff in welcoming the newest addition to our team, Matthew Kritzer. Matt has accepted the office of Assistant Adjutant for the Department of Arizona, and his onboarding is well underway. A retired US Army Soldier, and former US Navy Sailor, he brings decades of experience with this new venture into administrative leadership for The American Legion of Arizona.

In a new position for our Department, the most effective effort will be his role mirroring the Adjutant so that service with the Department Commander is seamless for ongoing success.

In working with Matt these few early days, he has already demonstrated a great capacity for "converting" his experiences into solid American Legion Adjutant ways of supporting our Department. We look forward to him amplifying Arizona successes.

Along with this notice, please take the opportunity for one slight change. In most email software, previously used email addresses will auto-fill from history. Adjutant@azlegion.org is still the email address to use. If your system "locked" it in, it might route your emails to the "distro-list" named as such. If you experience delivery issues, we ask that you delete the address from your address book and/or manually enter the entire adjutant@azlegion.org.

The new adjutant@azlegion.org is a shared mailbox where the Adjutant and Assistant Adjutant will access mail received.

Directories will be updated to include Matt's direct email address. Please welcome Matt at, mkritzer@azlegion.org.

With a great vision to lead our Legion forward.

No Bad Days,

Steve Sperl
Arizona Department Commander
