Dear American Legion Boys State Citizen,

Congratulations and welcome to American Legion Boys State! American Legion Boys State is among the most highly respected and selective educational programs of government instruction for U.S. high school students. I am confident that you will not be disappointed with your decision to participate in this outstanding citizenship education experience. It will influence life decisions in ways that you may not fully realize until years later.

As one of thousands of young men from throughout the nation selected to participate in American Legion Boys State each year, you will experience government in a practical sense. American Legion Boys State is a leadership action program; one that teaches government and its structure. It proves that government is just what you make it. You will find Boys State to be challenging and sometimes demanding, however, I'm certain you will undoubtedly also find it enjoyable and educational.

If this government "... of the people, by the people, and for the people" is to remain strong, it requires the involvement of its citizens. The onus of preparing for that responsibility now rests squarely upon your shoulders and those of future generations. Since 1935 American Legion Boys State has been prominent in producing young men who, just like you, stepped up to become ready for accepting that responsibility. It is possible that a future mayor, governor, congressman, or even president, may be among those in your class of American Legion Boys State citizens. I make this statement because this program has historically been the springboard for many careers in local, state and federal public service. Regardless of the future career path you follow – politics, education, business, medicine, information technology or so forth - you will develop lasting bonds of friendship with fellow Boys State citizens that will extend well after the formal program has ended.

I wish to again extend my best wishes for an interest-provoking, exciting and very fulfilling 2025 American Legion Boys State experience.

National Commander

Introduction

This Handbook outlines the program in which you will participate as a citizen of The American Legion Arizona Boys State. Each citizen should study the information to get the maximum benefit from our program. Read the Handbook before coming to Boys State and then bring the Handbook with you for your use during the program. You will find that the program provides for many opportunities, including:

- A review of city, county, and state government operation.
- Instruction in legal and legislative procedures of our government.
- Information about political party organization and operation.
- Becoming a political officeholder through petition, nomination, and election.
- Participation in the operation of a mock state government.
- Boys State Band and other extracurricular activities as time permits.
- The privilege to become acquainted with civic leaders and the outstanding boys of Arizona.

Each citizen should determine before the program starts the part of government in which he is most interested and resolve to learn as much as possible about it. This can be done through participating as a “good citizen” throughout the entire program. Boys State is a unique experience and opportunity to prepare for future leadership. The extent to which you (and through you, your community) will experience rewards and benefits from this program depends on the effort you put into your activities while a citizen of Boys State.

Former citizens can attest that you “get out what you put in,” and that the best way to enjoy Boys State is to take every opportunity possible. Don’t hesitate to talk to your counselors or other members of the staff – they are here to help.

The laws of Arizona Boys State consist of a written constitution, a code of laws enacted by previous sessions of Boys State, and any new laws enacted during the current session. A copy of the Constitution of Arizona

Boys State and the Boys State Statutory Code are included in this Handbook for reference. In addition, the Handbook includes information regarding the operation of Boys State, duties of elected and appointed officials, political parties, election procedures, etc. It is most important that each citizen familiarizes himself with the entire contents of this Handbook.

About the Program

What is Arizona Boys State?

The American Legion Arizona Boys State is a flagship youth program of The American Legion Department of Arizona. This week-long leadership training and civics education experience is designed to teach students about how our government functions and to encourage them to become engaged citizens. Boys across the state who have completed their junior year of high school are eligible to attend Arizona Boys State.

When they arrive at Boys State, students become citizens of a fictional 51st state: Boys State. Over the next several days, students campaign and hold elections for political offices at the city, county, and state levels. Once these positions have been filled, the students learn by doing – they pass their own laws, operate their own courts, and generally govern themselves (under the supervision and guidance of the Boys State staff). Students also receive extensive instruction on court procedures, the legislative process, the criminal justice system, civil rights, and civic duties. Outside of these activities, the program also offers numerous recreational opportunities including athletic events, a band, a choir, and a daily student-run newspaper.

Arizona Boys State is one of 50 Boys State programs operated around the country by The American Legion.

Why Should I Care About Boys State?

Boys State is a historic program that boasts many notable alumni nationwide, including President Bill Clinton, astronaut Neil Armstrong, and basketball star Michael Jordan, just to name a few.¹ College admissions counselors and many job recruiters are familiar with

Boys State, which can help students stand out in a competitive admissions or recruiting process.

Of course, the real value of Boys State is not as a résumé booster, but rather the lessons and experiences that students will carry with them for the rest of their lives. The official motto of Boys State is “A Week that Shapes a Lifetime.”

What is The American Legion?

The American Legion is a U.S. war veterans organization with nearly 2 million members worldwide. The organization was conceived and founded by a group of American soldiers at the end of World War I. Theodore Roosevelt, Jr., has gone down in history as the father of The American Legion because he called a meeting of the original 20 founders and called them to order at a dinner at a French military club in Paris, France, on February 15, 1919. Later that same year, The American Legion was legally incorporated by Act of Congress.

The American Legion’s mission is stated in the preamble to its Constitution, which reads as follows:

For God and Country, we associate ourselves together for the following purposes: to uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our associations in the great wars; to inculcate a sense of individual obligation to the community, state, and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and goodwill on earth; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

The American Legion is organized into 55 departments, with one department operating in each of the 50 states, the District of Columbia, Puerto Rico, France, Mexico, and the Philippines. Within each department, most of the activities of The American Legion are carried out through local American Legion Posts. There are over 12,000 American Legion Posts across the globe.

Beyond The American Legion itself, several other organizations make up The American Legion Family, including the Sons of The American Legion (for male descendants of U.S. military veterans) and The American Legion Auxiliary (for spouses and female relatives of U.S. military veterans).

What is the Department of Arizona?

The American Legion Department of Arizona is the highest American Legion entity within Arizona. The Department supports and oversees the activities of American Legion Posts across the state and is the sponsor of Arizona Boys State.

The Department of Arizona was established in 1919 in Tucson, mainly by E. Power Conway. Andrew P. Martin of Tucson was the first Department Commander. At that time, Arizona had only six American Legion Posts; today, Arizona has over 100 active Posts and over 43,000 members.

The activities of The American Legion Department of Arizona are organized around four pillars: (1) Veterans Affairs and Rehabilitation; (2) Children and Youth; (3) Americanism; and (4) National Security. Arizona Boys State falls under the Americanism pillar.

Dress Code

Each year, students and parents ask for guidelines to help select appropriate attire for the program. The program's pride, morale, and image are influenced by the general appearance of citizens. Arizona Boys State is held in June on the campus of the University of Arizona in Tucson. It will be hot. A "smart casual" approach to dressing is recommended. Polo shirts, cotton t-shirts, khaki/chino shorts, and khaki/chino pants are all recommended for everyday use. Citizens may be on-stage to make speeches or perform other public duties during the week. Many students want to look their best during these times. They may choose to wear a button-up shirt and tie with dress slacks, although this is not required. It is also highly recommended, but not required, that delegates AVOID wearing athletic shorts and t-shirts outside of recreation period. Comfortable shoes, preferably close-toed, are suggested for the entire week.

Arizona Boys State wants to provide opportunities for citizens to express themselves within the set of parameters listed below. Citizens shall not wear:

- Sunglasses or hats while indoors.
- Tank tops, unless worn as an undershirt or during recreation period.
- Visible undergarments.
- Sagging pants – pants must fasten at or above the waist.

- Flip flops or slide sandals (unless worn as shower shoes) – sandals must wrap around the back of the foot, as flip flops and slide sandals are a hazard on stairwells.
- Trench coats.
- Hooded clothing with the hood covering the head.
- Clothing with vulgar, offensive, obscene, or libelous messages, especially messages that demean others on the basis of race, color, religion, creed, national origin, sex, gender, sexual orientation, or disability; messages that promote alcohol or drug use or violence; or messages that are otherwise contrary to the program's educational mission.

A Note About Respect

Citizens are expected at all times to conduct themselves in a respectful and professional manner. Bear in mind that at Boys State, you will be working closely with your peers for a strenuous week. They deserve your attention and respect. In addition to other students, all of the counselors and other staff are volunteers, many of whom are taking time off from work, and some of whom are traveling from across the state or out-of-state to help put on a great program. Counselors and other staff deserve your appreciation and respect.

General Rules

These rules have been adopted by the administration of Arizona Boys State and may only be amended by the same.

1. Arizona Boys State staff reserve the absolute right to dismiss a citizen from the program without a refund and/or take other disciplinary action as appropriate if a citizen violates the letter or spirit of these rules or otherwise fails to meet the expectations of program participants. Any disciplinary action imposed by a counselor or other staff member cannot be contested in any Boys State court.
2. Citizens must attend Boys State for the full duration of the program. Late arrivals and early departures are permitted on a case-by-case basis with the approval of the Boys State staff.
3. Any signs of illness – particularly colds, fevers, or stomach disorders – and every accident must

be reported to your counselor and/or first aid staff IMMEDIATELY.

4. All equipment provided is either the property of Arizona Boys State or the University of Arizona and is made available for the good of the program. Care must be taken to preserve this property, and all property must be returned at the end of the week in good condition.
5. Posters and signs may only be hung with blue painters tape. Any damage to University property will be charged to the individual responsible, and he will be expected to pay the same.
6. No citizen shall trespass in portions of buildings not assigned to citizens of Arizona Boys State.
7. Citizens should proceed to meals, assemblies, etc. in groups (generally as a city) under the supervision of a counselor.
8. Citizens will obey the ordinances, resolutions, and laws passed by city, county, and state authorities, which shall be enforced by the Boys State criminal justice and court systems.
9. Each citizen will attend all scheduled assemblies, sessions, meetings, and events. Citizens will additionally be available for unscheduled meetings and events, as needed.
10. Each citizen will participate in one or more planned activities during each recreation period. Recreation periods shall NOT be used for napping, "alone time," or non-program-related activities.
11. Each citizen should be a candidate for at least one elected office. If a citizen loses his election, he will still be expected to fully participate in the program, including by serving in an appointed position, observing the legislature and courts, and/or volunteering for other jobs.
12. Unless specifically instructed by counselor or other staff member, no citizen shall operate an automobile while at Boys State, even though he may have consent of his parents. If the citizen drives to Boys State, he must purchase a parking permit and surrender all car keys to his counselor for the duration of the week.
13. No citizen shall bring, obtain, or retain any weapon (including but not limited to knives, stars, mace, pepper spray, and firearms), other dangerous items (including but not limited to fireworks and explosives), or dangerous or

prohibited drugs, liquor, or tobacco in any form (including vape pens).

14. Citizens are expected to observe the rules of common courtesy and decency; avoid behavior that is offensive, boisterous, or rowdy; cooperate with duly elected or appointed officials; and respect the authority of counselors and other staff.
15. Prior to arrival, find out which Post or organization (if any) is your sponsor. It is strongly recommended that citizens write a thank-you note to their sponsor describing their Boys State experience and thanking their sponsor for the sponsor's financial support.
16. Vulgar, foul, indecent, or profane language – as well as racial, ethnic, religious, or sexual slurs – will not be tolerated. Violators may be dismissed and asked to leave the program.

Boys State Statutory Code

Previous sessions of Arizona Boys State have enacted the following laws. These laws may be amended by the Boys State legislature or by ballot initiative. Violations of any these laws may result in prosecution in the Boys State court system:

1. It is prohibited for any person to impede the duties or functions of any Boys State counselor or other staff member, or any elected or appointed official.
2. Disturbance after curfew is strictly prohibited. Activities in buildings that disturb the rights of persons in the buildings are prohibited.
3. It is prohibited for any person to be absent from any assembly without the explicit permission of a counselor or other staff member.
4. It is prohibited for a person not to be with his group when the group is traveling to a designated place.
5. Profanity is prohibited.
6. Signs shall not be affixed to any surface in a manner that causes damage to the surface. (Blue painters tape is acceptable.) Campaign signs must be removed within four hours of the closing of the polls.
7. No person may hang a campaign sign or distribute campaign material in any public place unless he has filed a nominating petition for the office sought.

8. The official Boys State name tag shall be worn at all times except when participating in athletic events, changing clothes, bathing, or sleeping.
9. Removal of toilet paper, paper towel rolls, or any other similar items from public bathrooms and other public areas is prohibited.
10. The Boys State court of jurisdiction shall levy all punishment and fines for violations of these laws.

Boys State Creed

I believe in the constitutional form of government of the United States of America, which guarantees me the right to worship God as I choose, and as a citizen, equal opportunity and equal educational rights. Since American citizenship is my most priceless possession:

1. It is my obligation to participate in and contribute my effort to the civic and political welfare of my community, state, and nation.
2. I resolve to learn and understand government and the civic needs of my community; and
3. I hereby dedicate myself to the task of arousing and maintaining a like interest in my fellow citizens.

The Americans Creed

I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and the humanity for which American patriots sacrificed their lives and fortunes. I, therefore, believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

Boys State Oath of Citizenship

By taking the Boys State Oath of Citizenship, you will be granted all rights and privileges afforded a citizen of The American Legion Arizona Boys State:

I, (state your name), do solemnly (swear/affirm), that I will support the Constitution of the United States, and the Constitution and laws of the State of Arizona and of Arizona Boys State; that I will bear true faith and allegiance to the same, and defend them against all enemies, foreign and domestic. I believe in the constitutional form of government of the United States,

which grants me the right to worship God as I choose, or not at all, and as a citizen to enjoy the benefits of equal opportunity in education, and in seeking life's goals. I accept the opportunities offered by Boys State citizenship: to become more knowledgeable in our form of government, and therefore, become a more productive citizen. I take this oath willingly, without reservation, (so help me God/so I do affirm).

Political Parties

The citizens of Arizona Boys State are divided into fictitious political parties: the Federalists and the Nationalists. These titles carry no political connotation. Citizens are assigned to parties by lot and are expected to remain loyal to the party for the duration of Boys State.

Great emphasis is placed on political parties, campaigns, and elections at Boys State. It is believed that citizens of a community, state, or nation have a better opportunity to express themselves in government through political parties than through their individual efforts as citizens.

Each party has its city (or precinct), county, and state organizations. Each party adopts its own platform based on collective aims and ideals. Caucuses are held so that citizens with mutual interests can collectively develop a program of government for the people as a whole to consider and express their support or opposition to the platform and candidates.

The success or failure of a party ticket will depend on its soundness and popularity, and the degree of aggressiveness with which the campaign is carried on. All citizens should seriously measure their particular qualifications for the office sought. Develop a following, campaign hard, and go into an election to win – but remember that if you lose, the citizens of the state have found something in your opponent or his party's

principles that they prefer over yours. Do something about it in a constructive manner; don't condemn the world because you have lost.

You must remember that at the conclusion of any election, only one candidate for a particular office can be successful. Politics is a serious business. You must be able to win or lose alike. That's true Americanism.

Precinct Committees

All party members in a city meet in a special caucus to elect three Precinct Committeemen early in the Boys State program. Like in real-world politics, the Precinct Committee's job is to build party spirit and strength, to get out the vote for the party, and to meet with the Precinct Committee of the other party (as well as those of other cities in the county). Among the three Precinct Committeemen, one will be Chairman, who will make all nominations from his precinct for party offices and poll his precinct when votes are taken.

In addition to the party's Precinct Committee, each precinct will appoint three members to the local Election Board. Election Board members will be responsible for managing the polling places on Election Day.

At the county level, the Precinct Committees of the party will organize into a County Caucus. Each County Caucus is led by a Chairman, Vice Chairman, and Clerk. The County Caucus carries out the purposes of introducing candidates, developing party spirit, and filling any vacancies in county-level offices on the general election ballot that arise after the primary election.

At the state level, the parties organize into a State Caucus. The State Caucus is led by a Chairman, Vice Chairman, and Clerk. The State Caucus shepherds the state's party membership into creating a platform, helps to identify members who are running for office, builds party efficacy, and fills any vacancies in state-level offices on the general election ballot that arise after the primary election.

Election Procedures

Three elections will take place at Arizona Boys State. The first election, held on Day 2 (Monday), is a nonpartisan election for City Councilmen and County Recorder. The second election, held on Day 3 (Tuesday), is a primary election to determine each party's nominee(s) for the remaining county-level offices and all state-level offices. The primary election winners will then face off in a

general election held on Day 4 (Wednesday). Following the general election, elected and appointed officeholders operate the government of Boys State – a stage of the program known as “all offices operating.”

Petitions

To get on the ballot for any elected office, an office seeker must file a nominating petition with his City Clerk. The petition must include the requisite number of signatures from other citizens who support the office seeker's candidacy. The signing of petitions is the first opportunity for citizens of Boys State to exercise judgment by supporting qualified candidates for office. A citizen should not sign a petition to discharge a personal debt, nor because of friendship; rather, it should be objective. Citizens should sign only when satisfied that the office seeker can fulfill the obligations and discharge the duties of the office faithfully and well.

Citizens may sign as many petitions for a given office as there are positions. For example, there is only one Constable per County, so county citizens should sign at most one petition for Constable. On the other hand, there are three Supervisors, so citizens may sign three petitions for Board of Supervisors.

Primary Election

While the election for City Councilmen and County Recorder is nonpartisan, the election for state- and county-level offices (other than County Recorder) is different. There are both primary and general elections. Boys State follows the rule of the State of Arizona in that the primary election is closed to only the electors registered for the party. A citizen wishing for his name to appear on the primary election ballot must present a petition containing the requisite number of signatures of members of his party.

In the primary election, all candidates for all offices who are running for one party's nomination appear on the ballot of that party. The person receiving a plurality of the votes cast for an office by members of the party will then be the nominee for that party for the office in the general election.

Breaking A Tie

In the case of a tie, the tie will be settled by an “Arizona Runoff.” The candidates will cut a deck of cards, and the candidate who draws the low card will be declared the winner.

Voting Mechanics

Sample ballots will be posted for public inspection once Boys State HQ makes them available. **Candidates for office are encouraged to examine the sample ballots to ensure accuracy** (lest someone's candidacy be challenged in court). When voting, it is also important to follow the "Vote for not more than" direction listed on the ballot. This number varies by office, so make sure that you don't cheat yourself out of an opportunity to support candidates for an office in the election.
