

THE AMERICAN LEGION

Department of Arizona | Arizona Boys State

A Call to Action: Support Our Future Leaders

From the Desk of Frank Hirrill, Marketing Director

Comrades,

As we detailed in our [recent article](#), Arizona Boys State is facing a significant challenge: we have a high number of exceptional students ready to participate, but many are currently unsponsored and waiting for support. While our local Posts work tirelessly to sponsor as many students as possible, the need is simply greater than our traditional capacity can meet alone.

As your Department Marketing Director, I am working on the "big ticket" items—partnerships and statewide outreach. However, the most powerful tool we have is **you**. Marketing and fundraising are not the job of one person; they are a mission for every member of the American Legion. We need "all hands on deck" to ensure no student is left behind.

How You Can Help Today:

The single most effective thing you can do is share our **General Donation Link** with your friends, family, and community. A personal recommendation from a Legionnaire carries far more weight than any advertisement.

GENERAL DONATION LINK:

<https://www.zeffy.com/en-US/donation-form/azboysstatedonation>

Why We Use This Link:

- **100% Retained:** Arizona Boys State is a 501(c)(3) organization. We use the **Zeffy** platform because it charges zero fees. Every dollar donated goes directly to funding student tuition.
- **Instant Tax Benefits:** When someone donates through this link, Zeffy automatically emails them a tax-deductible receipt for their records.

- **Efficiency:** General donations allow us to fill the gaps for unsponsored students from across the state, ensuring the program is fully funded.

By simply circulating this link on your social media, via email, or even in casual conversation, you are providing a way for neighbors and local businesses to support our youth without requiring them to go through a specific Post sponsorship process.

Let's show our community the strength of the Arizona Legion. Please share the link today and help us send every one of these young men to the University of Arizona this summer.

FOR GOD AND COUNTRY
